

ReFuel Your Fun is a campaign designed to encourage the use of the new refillable one-pound propane gas cylinders.

Each year millions of people camp, hold tailgate barbeque parties and participate in a range of outdoor activities where disposable propane cylinders are used to fuel camp stoves, heaters, lanterns and more. Unfortunately, they can't be refilled, so they're often tossed out.

But there is a solution!

Support ReFuel Your Fun by purchasing, refilling and/or exchanging your one-pound REFILLABLE propane cylinders. The new refillable one-pound cylinders work exactly the same except they can be refilled and safely reused over and over again for up to 12 years. Protect the environment while saving money and reducing the hassle of proper disposal.

You Can Help!

Ask your retailer to sell refillables!

It's as simple as 1 – 2 – 3!

Step 1 - Hand this postcard to your retailer

Step 2 - Let them know about ReFuel Your Fun

Step 3 - Ask them to sell refillable 1-lb propane cylinders or provide exchange or refill services.

That's it! We'll do the rest!

By participating in **ReFuel Your Fun**, your retailer will be providing a convenient, cost saving product for you to purchase and use that has less environmental impacts.

Retailers will receive free promotion of their service to the community.
